GAME ONE: 30-Second Blitz

Object: Score as many points as you can in 30 seconds.

Scoring: Bulls-Eye = 3 points
Inner Ring = 2 points
Outer Ring = 1 point

Bounce the metal balls, one by one, onto the mini-trampoline and into the target. The timer will start when the first ball goes into a hole. You then have 30 seconds to score as many additional points as possible. The LCD screen counts down the time you have remaining. When time runs out, the game will announce your score. If your score is higher than the "best score" for this game, you will also be recognized as the new champion. You will then be prompted to begin another game.

GAME TWO: 25-Point Rush

Object: Score 25 points as quickly as possible.

Scoring: Bulls-Eye = 3 points
Inner Ring = 2 points
Outer Ring = 1 point

Bounce the metal balls, one by one, onto the mini-trampoline and into the target. The timer will start when the first ball goes into any hole. Your goal is to score 25 points as quickly as possible. The LCD screen keeps track of your time, while points earned are announced by the game. As soon as your score reaches or exceeds 25 points, the timer stops. The game will then announce the time it took you to reach 25 points. If your time is better than the "best time" for this game, you will also be recognized as the new champion. You will then be prompted to begin another game.

GAME THREE: Bulls-Eye Ace

Object: Score as many Bulls-Eyes as you can before you get ten misses. (Getting a ball into the outer or inner ring hole is a miss.)

Scoring: Bulls-Eye = 1 point
Inner Ring = 1 miss
Outer Ring = 1 miss

Bounce the metal balls, one by one, onto the mini-trampoline and into the target. The game will start when the first ball goes into any hole. For each Bulls-Eye, you score 1 point. Each ball that goes into the inner or outer ring hole is announced as a miss. The LCD screen keeps track of your misses. (If you get one or more Bulls-Eyes before getting a miss, the screen keeps track of the Bulls-Eyes until a miss occurs.) When you get ten misses, the game will announce the total number of Bulls-Eyes you scored. If your score is higher than the "best score" for this game, you will also be recognized as the new champion. You will then be prompted to begin another game.

PRACTICE MODE

Practice bouncing the metal balls, one by one, onto the mini-trampoline and into the target. The game will announce "one," "two," or "three" when a ball goes into a hole. There is no score keeping.

REPEATING OR CLEARING A SCORE

Press the SCORE button to repeat the score for a game just completed. (A score of zero will not be announced.) If you want to clear the current game's highest score, press and hold down the SCORE button until you hear a beep sound.
